

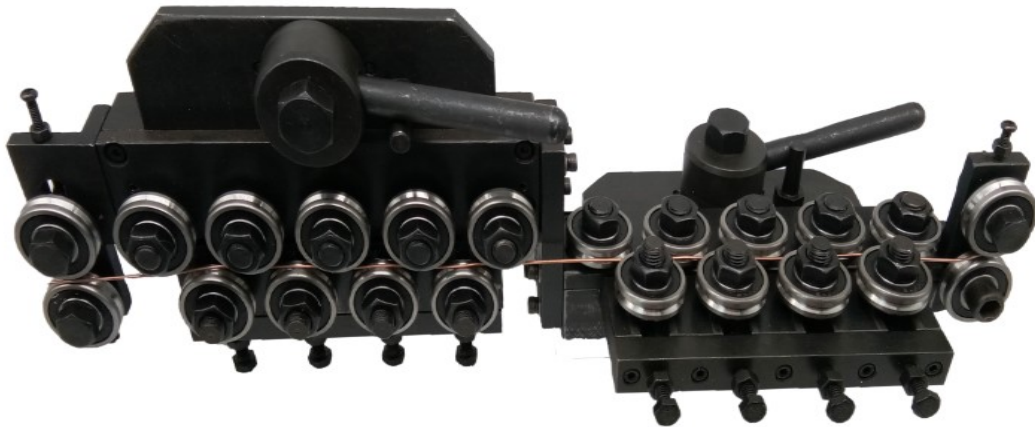

Scheme 1:

Outside diameter 23, 18 rounds, 1 set, individually
straightened part, price USD 388.9

Scheme 2:

A pair of hand gear + outside diameter 23, 18 wheels, 1 set,
separate straightening section.

USD 388.9 + USD 255 = USD 643.9

Solution 3:

Two pairs of traction + motor reducer + outside diameter
23,18 wheels,1 set, separate straightening part.

USD 661.76 + USD 388.9 = USD 1050.66
